THE SINGING CPA
Steven Zelin really shows his CPA side on his third full CD, with songs related to taxes, accounting, and finance. You will recognize many of these songs, which are hilarious parodies of popular tunes. A cross between Jimmy Buffet and Warren Buffet.

JUST TAKE A SICK DAY
"Dear IRS" was a sensation on tax day 2006. The last decade has certainly been an eventful one in Corporate America, and when the song was released on his CD "Just Take a Sick Day," the effect was palpable to the taxpaying public.

MAGICAL BOXES
A fun & entertaining CD for both children & adults alike to listen/sing along to. It's fun for the whole family. The songs are not only nice to listen to, but educational. They help kids learn their math skills & more. Who knew that counting could be this fun?
